

Meet the Teacher!

Ms. Melissa Mercado

Welcome!

I am very excited to be working alongside Mrs. Belfort and getting to know our new preschoolers.

I've been with CPS since 2008 but this is my first year as a preschool classroom assistant. I hope to help create fun educational experiences. Let's learn and grow together!

About Me

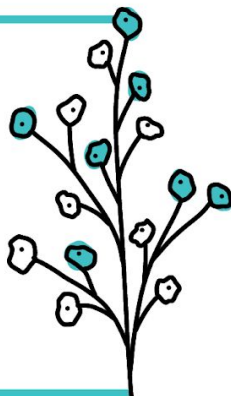

I am a Sabin alum. As a completely biliterate individual, I can confidently say that I fully believe in the dual language program at Sabin. I earned a high school diploma from Lane Tech High School and an Associate's Degree from Wilbur Wright College. I am currently a part time student at Northeastern University where I am pursuing a Middle School Education degree, specializing in math and science.
