

Hi, 8th grade Families and Students!

I'm Ms. Samantha Sartin and I'll be your child's homeroom teacher this year. I hope you had a wonderful summer break, and took time to relax and recharge. I am so excited to reconnect with you all on Tuesday.

It has been a wild and crazy ride over here **so I greatly appreciate your patience.**

Now, let's get down to business.

1) Shortly, you'll receive an additional email from me introducing myself and discussing the expectations for our Math class. The priority right this second is ensuring your child knows where to go and when on **Tuesday, September 8th, 2020 at 9 a.m.**

2) Attached you will find your scholar's schedule. This is the schedule that your child will follow during our remote learning time. Attendance will be taken during each class period so it is important that your child is present, with their camera on and ready to learn.

What can you do right now?

1) Check that your child is already a part of their google classrooms. They will have a homeroom **and** a math for me.

2) Save/Bookmark and view our upper grade website. More information will be added so please visit regularly. It will also serve as an essential tool for staying up to date with information along our remote learning journey.

[7/8 Upper Grades Site](#)

3) View our school supply list. (attached)

4) Reach out to me with any questions or concerns as soon as possible.

5) Mark your calendars for our virtual parent night. (See attached flyer.) If you cannot make it a recording will be made available on the school website.

Daily Student Schedule - Rm 302 Samantha Sartin

*Diverse Learners, Math - Manlapaz, Literacy - Adamo

Time	Period	Subject	Google Meet Link and Code
